

DOANE UNIVERSITY - SOFTBALL AND BASEBALL COMPLEX

The Jose M. and Elizabeth Ledon Softball and Baseball Complex provides two softball and baseball fields, as well as a press box, a two-story concessions building, batting cages, general seating, and restrooms. The project also includes new track and field throwing competition areas.

Open in Spring 2007, the facility allowed the teams to play on campus for the first time in 50 years. Previously, teams competed at the City of Crete's Tuxedo Park. Our skill in site selection helped the college plan for a future centralized sports zone that will allow greater expansion for academics in the heart of campus, and lessen the amount of sports traffic in the campus center.
